Sycamore App

- Logging in for the first time
 - Use your username and password from your email to login. I would suggest bookmarking the link from your email.
 - When you first login, the “Configuring your browser” page will pop up. Sycamore recommends to change some settings on the browser you are using. Click on “Do not show me this again” when you are finished.
 - A “change password” screen will appear next. Enter the password that Sycamore assigned you in the “old password” field and enter a new password.
 - Click on “School Home” at the top of the blue column on the left. This will be the screen that you will see each time that you login from now on.
