Call to Action - KY School Choice Bills: House Bill 305 and Senate Bill 50 have been filed and would expand educational choice for Kentucky families. Please call or email your State Representative and Senator today and ask them to support and co-sponsor these bills. You can call 1-800-372-7181 and the operator will leave a message for your State Representative and Senator based on your home address. Education Opportunity Accounts are privately funded by citizens and businesses who donate to non-profit Account Granting Organizations (AGOs). The AGOs then use the donations to award needs-based funding to eligible families. Funding can be tailored to a student's specific needs and used for K-12 non-public school tuition and fees, online learning programs, tutoring services, therapy programs, transportation to and from school, and more. HB 305 and SB 50 would expand this program to every county in Kentucky and would increase the size of the program so that more families can apply.
